FOCUS

Linear Profiles

4100 - 4700 Lumens p/m

Visually discreet and optically diverse

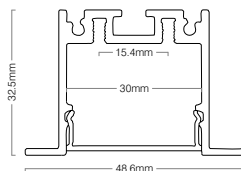

The Digilin Focus range of profiles represents the next generation of linear lighting, a form that has proved commercially successful for many years. Three extrusion styles with a wide variety of optical and light distributions makes the Focus series the smart choice.

With the option of targeted or wide lighting distribution, the Focus series allows the light to be designed exactly where it is needed, in one stylish product.

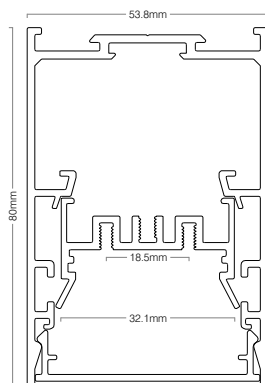

Focus 35

Suspended / Surface Mounted
Black Finish (custom finishes available)
3000K / 4000K
Remote driver
Up to 4700 lumens/m
Opal Diffused lens or
Focus LED modules in 15, 30, 45 degree

Focus 48

Recessed
Black Finish (custom finishes available)
3000K / 4000K
Remote or integral driver
Up to 4700 lumens/m
Opal Diffused lens or
Focus LED modules in 15, 30, 45 degree

Focus 50

Suspended or Surface mounted.
Black Finish (custom finishes available)
3000K / 4000K
Remote or Integral driver
Up to 4100 lumens/m
Opal Diffused lens or
Linear wallwash reflector (CV LED)
Focus LED modules in 15, 30, 45 degree
