

MPF 16

High Output LED Strip
1600 Lumens Per Metre

MPF 16

High Output LED Strip
1600 Lumens Per Metre

A flexible LED strip with extremely high light output.

This super high performance strip is the brightest of its kind. With extremely close LED spacing, dot free illumination is easy to achieve with opal and even frosted covers.

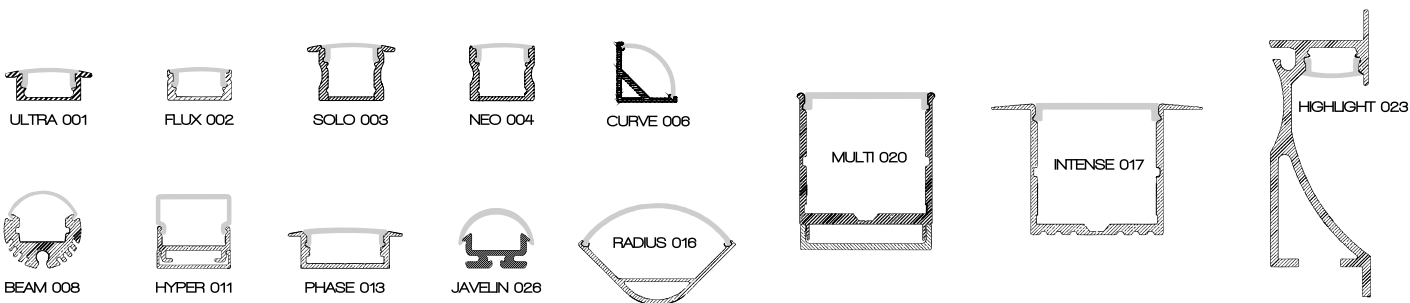

When combined with our extrusions, this strip can deliver massive light outputs from very compact fixtures.

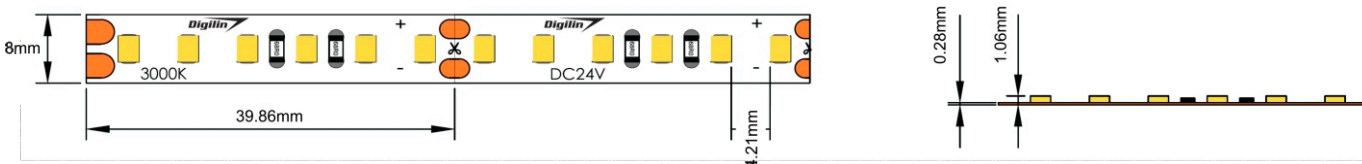

SPECIFICATIONS

Colours	Warm White	Neutral White
Wavelength/Colour Temp	3000K	4000K
CRI	80 (95 by Special Order)	
Lumens per Metre	1600	1600
LED Spacing	4.21mm	
Cut Off Length	39.86mm	
Reel Length	10000mm	
Beam Angle	120°	
Performance	70% Lumen Maintenance @ 50,000 Hours (L70)	
Voltage	22VDC	
Current	720mA/mtr	
Power	16w/mtr
